

Risk Assessment for Dungarvan Barracudas (Club)

Under the requirements of Section 11 (1) of the Children First Act 2015 our Club operates as a provider of a relevant service to children and young people, where we are required to undertake an assessment of any potential for harm (referred to as 'risk') to a child while availing of our service.

This Risk Assessment considers the potential for harm to come to children and young people whilst they are in the care our Club based on the risk of abuse and not general health and safety risk (covered under a separate H&S policy and risk assessment). The subsequent Child Safeguarding Statement (Section 11 (1b) Children First Act 2015) is based on this Risk Assessment and will be completed/updated following this Risk Assessment.

Instructions for completion of this Risk Assessment

The Risk Assessment must be discussed and completed at Committee level and then signed by an Officer on the committee and the Club Children's Officer. The discussion, completion and subsequent signing must be recorded in the minutes of the meeting. The Secretary of the Club should then upload a copy of the signed Risk Assessment to the Club profile on the Membership database.

There are five headings used in the Risk Assessment with the following explanation:

Potential risk of harm to children – these are identified risks of harm to children whilst accessing activities in the Club

Likelihood of risk – the likelihood of the risk happening in the Club measured by you as: Low, Medium or High

Required Policy, Guidance and Procedure document – indication of the policy required to alleviate the risk

Responsibility – provider should indicate where the responsibility for alleviating the risk lies

Further action... - indicates further action that might be necessary to alleviate any risk ongoing

Notes

The policy, guidance and procedures refer to the Swim Ireland Safeguarding Policy 2019. The Section of the document is referenced followed by the specific area of practice.

E.g. Risk area = Lack of required qualification: information about what is required to alleviate this risk can be found in three areas:
